INTERNATIONAL CONFERENCE ON **SPACE** 2022

Introduction and background

Pakistan and Upper Atmosphere Research Commission (SUPARCO) in cooperation with Asia Pacific Space Cooperation Organization (APSCO) and Inter-Islamic Network for Space Sciences & Technology (ISNET) are jointly organizing the 3rd International Conference on Space (ICS-2022) on the theme of 'Role of Space Technology and Applications in Socio Economic Development' from 28 – 30 Mar 2022 in Islamabad, Pakistan.

International Conference on Space is a biennial event focusing on all aspects of space. It is aimed at connecting researchers, scientists, administrative heads of public-sector space agencies and commercial space industries as well as academia from around the world at one forum to enable them to share latest developments in space technologies and applications, and discuss ways and means of using space-based technologies and their applications to address issues of international concern.

ICS-2022 will be a complete package for space professionals, decision-makers, academicians, researchers and scientists as well as students of space sciences and technologies to showcase their achievements, share experiences and voice their opinions on important space and development issues in a highly interactive and cross-disciplinary environment.

Program

The Conference will feature a Plenary Session, Technical Concurrent Sessions, Special Sessions, Panel Discussion Sessions, Poster Session, ICS Roundtable Forum, Space STEM, Webinars, Workshops, Exhibition, Cultural Program, Sight Seeing and City Tours.

The key focus areas of the ICS-2022 include the following:

Space Science

- Astronomy, Astrophysics and Planetary Sciences
- Astrobiology, Space Physiology and Space Psychology
- Applied Physics, Chemistry and Mathematics
- Environmental and Earth Sciences

Space Technology

- Human Space Flight
- Space Transportation
- Space Utilization
- Novel Space Technology

Space Applications

- Earth Observation
- Information and Communication
- Positioning and Navigation
- Remote Sensing and Geographic Information System
- Microgravity, Hyper Gravity and Zero Gravity
- Space Tourism

Space Education, Awareness and Outreach

- Space Curriculum Design and Development
- Space STEM Design and Development
- Space Awareness and Outreach
- Space Entrepreneurship
- Space Careers

Space Laws, Policy and Regulations

- Treaties and Principles
- Legal issues, and Framework for Space Applications and Services
- Preservation of Space and Earth
- Commercialization, Privatization
- Multilateral, Bilateral Agreements and International Affairs

Who should attend

Space Professionals, Scientists, Engineers, Technologists, Astronomers, Researchers, Public and Private Sector Stake Holders, Lawyers, Policy and Decision Makers, Entrepreneurs, Educators, STEM Professionals, Science Communicators, Career Counsellors, Students as well as Space Hobbyists.

Abstract & Paper Submission

Latest, unpublished researches relevant to ICS-2022 theme and tracks are invited for paper/poster presentation in the conference. Submit the abstract of 250 - 300 words using one of the method.

+ Download the Registration form, fill it and send back to ics2021sect@gmail.com no later than **15 Dec 2021**.

+ Fill Online Registration Form and upload your abstract file in MS Word (Doc / Docx) format no later than **15 Dec 2021**.

The abstracts will be evaluated and selected candidates will be notified to submit manuscript of full paper/ final poster and presentations.

Language of the Conference

The language of the Conference will be English.

Important dates

Announcement	5 - 9 Nov 2021
Abstract submission deadline	15 Dec 2021
Notification of acceptance	31 Dec 2021
Full Paper submission deadline	16 Jan 2022
Notification of accepted papers	28 Jan 2022
Registration deadline (Local /International)	15 Feb 2022
Conference dates	28 - 30 Mar 2022
