

Dr. Suleman Shahid

Assistant Professor
School of Science and Engineering,
Lahore University of Management Sciences (LUMS)
Lahore

**Field: Computer Science, Affective Computing and Information
Communication Technologies for Development**

Dr. Suleman Shahid is an Assistant Professor in Department of Computer Science at the LUMS where he directs the 'Computer Human Interaction and Social Experience Lab' (CHISEL). Dr. Suleman received his PhD in human-computer interaction in 2011 from Tilburg University, Netherland and PDEng (Professional Doctorate in Engineering) in 2007 in User System Interaction program from Eindhoven University of Technology, Netherland. Prior to joining LUMS, Dr. Suleman was working as an assistant professor in Human Computer Interaction (HCI) program at Tilburg University. He was also associated as a researcher with Tilburg center for Cognition and Communication (TiCC), Tilburg, Netherland and as a visiting assistant professor with Eindhoven University of Technology, Netherland. He also worked for PHILIPS Research (High Tech Campus), Netherland and Fraunhofer FIT, Germany.

Dr. Suleman research work includes 9 research articles in international journals, 75 international conference papers and 3 co-authored books. His research work encompass assistive technologies (mobile apps and VR/AR systems), educational technologies for children (child-computer interaction), affective computing, information and communication technologies for development (ICT4D) where he takes a multidisciplinary approach for designing interventions in the areas of education and health. His accepted research grants amounts to PKR 224.74 million. Since 2009, he has been offering consultancy and training services in the areas of design thinking and user experience (UX) design and strategy.

Dr. Suleman is the recipient of Best (PhD research) presenter award, 2009 TiCC annual PhD day, Tilburg and the Netherlands and Teaching Innovation Award (Onderwijs Prijs) winner at the faculty level (Tilburg University) for the User Interface Design course in 2010. He is also acting as a reviewer for a number of journals including ACM Transactions on Interactive Intelligent Systems (ACM), Social Robotics Journal (Springer), Entertainment Computing Journal (Elsevier), Research in Autism Spectrum Disorders (Elsevier) and International Journal of Human Computer Interaction.

Dr. Suleman is the President of Association of Computing Machinery (ACM) – Special Interest Group on Computer-Human Interaction (SIGCHI) – Lahore Chapter since 2017. He is also the member of The Institute of Electrical and Electronics Engineers (IEEE), Usability Professional Association (UPA), CHI Netherlands (Local SIGCHI Chapter), International Society of Research on Emotions (ISRE) and Interaction Design Association.
