

## **PROF. DR. ATIA-TUL-WAHAB**

Prof. Atia-tul-Wahab is working at the Dr. Panjwani Center for Molecular Medicine and Drug Research, ICCBS, University of Karachi, since 2010. She completed her Ph.D. in Organic Chemistry in 2007 at the H. E. J. Research Institute of Chemistry. Afterwards, she undertook her Post-doctoral Research in structural biology under the supervision of Prof. Dr. Kurt Wüthrich (Nobel Laureate) at the Scripps Research Institute, USA, followed Postdoc at Goethe University, Germany. She has 92 research publications, 6 US-patents, one book (Solving Problems with NMR Spectroscopy, Elsevier), and two edited monographs on ethnobotanical knowledge of Sindh based on field surveys in the entire province. She has also supervised and trained 37 foreign, and 72 Pakistani scholars in the field of bioorganic chemistry. She has been awarded as Productive Scientist from PCST in 2018, and 2015. At national level Prof. Atia is leading NMR Users Group, and access to scientific instrument program.
