International technical training course on vacuum applications

ISLAMABAD: COMSTECH and Pakistan Vacuum Society (PVS) in collaboration with International Union for Vacuum Science, Technology and Applications (UWSTAI) on October 25 inaugurated a three-day technical training course on "Vacuum Applications in Atomic Science & Technology" at COMSTECH

Pakistani scientists and experts from the Vacuum Applications in Atomic Science & Technology field have acknowledged the importance of the event. They lauded the efforts of COMSTECH and PVS in organizing such a comprehensive course.

Participants from various countries, including Pakistan, India, Bangladesh, and Afghanistan, attended the course.

The course was organized to enhance the knowledge and skills of participants in the field of Vacuum Applications in Atomic Science & Technology.

The course covered topics such as Vacuum Technology, Vacuum Applications in Atomic Science, and the latest developments in the field.

The course was conducted by experts from the field, and the participants had the opportunity to interact with them and gain insights into the latest research and developments in the field.

The course was highly appreciated by the participants, who expressed their gratitude to COMSTECH and PVS for organizing such a valuable event.

The course was funded by the Government of Pakistan and the Pakistan Atomic Energy Commission (PAEC).
